

1 What can you tell me about my scale? The mirror is cracked.

J.S., BUCHANAN, MICH.

The Chicago Watling Scale Co. opened in 1889 and manufactured various coin-operated machines. The scale is in great condition. It's made from heavy cast iron and porcelain. Today, these scales are considered drugstore icons. The web-site pennyscale.com will give you its exact age, which is probably circa 1940. You can also find vintage mirrors and replacement parts on the site. Your Model #400 is a classic in the world of drugstore scales. valued at: \$1,500
